DETAILED ACTION

1. This Action is in response to Applicant's amendment filed on May 15, 2003. **Claims 1-18** are now pending in the present application.

Drawings

2. The proposed drawing corrections filed on May 15, 2003 have been approved by the Examiner.

Allowable Subject Matter

3. **Claims 1-18** are allowed and they were renumbered 12, 13, 18, 16, 17, 15, 14, 5, 6, 11, 9, 10, 8, 7, 3, 4, 1, and 2, respectively.

4. The following is an Examiner's statement of reasons for allowance:

Consider **claim 1**, the best prior art found during the examination of the present application, **Dufour (U.S. Patent # 6,073,010)**, fails to specifically disclose, teach, or suggest a method for alerting a wireless terminal user of a handoff of a call from a first communication service station to a second communication service station, said alert being performed during the call, and said method comprising, in combination with other steps recited in the claim, the step of

Art Unit: 2683

determining, at a wireless terminal, whether a received identifier of the second communication service station is at least one of a collection of acceptable identifiers.

Consider claim 8, the best prior art found during the examination of the present application, Dufour (U.S. Patent # 6,073,010) in view of Bartle et al. (U.S. Patent # 6,018,655), fails to specifically disclose, teach, or suggest a method for alerting a wireless terminal user of a handoff of a call from a first communication service station to a second communication service station, said alert being performed during the call, and said method comprising, in combination with other steps recited in the claim, the step of determining, at a wireless terminal, whether a received identifier of the second communication service station is at least one of a collection of acceptable identifiers.

Consider claims 15 and 17, the best prior art found during the examination of the present application, Mizikovsky (U.S. Patent # 5,255,307) in view of Barber et al. (U.S. Patent # 5,442,806), and further in view of Bartle et al. (U.S. Patent # 6,018,655), fails to specifically disclose, teach, or suggest a wireless terminal that alerts a user of a handoff of a call from a first communication service station to a second communication service station, said alert being performed during the call, and said wireless terminal, in combination with other components recited in the claims, comprising:

a memory containing a collection of acceptable identifiers; and

a processor that determines if a received identifier of the second communication service station is at least one of the collection of acceptable identifiers and activates an audible or

Art Unit: 2683

vibrating alert during the call if the received identifier is not at least one of the collection of acceptable identifiers.

Any comments considered necessary by Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".

5. The application having been allowed, formal drawings are required in response to this Office Action.
